Program 2: **“Grouting for Control of Water Leakage”**

Monica Marciano Rourke, F-ICRI
Mapei Corporation

Monica Rourke is currently the U.S. Waterproofing and Injection Systems Manager for Mapei Corporation’s Underground Tunneling Team. She has over 20 years of experience in concrete waterproofing and leak repair. She has worked as a contractor, consultant and manufacturer’s representative on new tunneling projects as well as on crack and leak repair of existing concrete structures. Monica concentrates her efforts providing products and support services for tunneling projects, concrete repair and waterproofing for both new and repair projects and stabilization of underground structures.

Monica’s qualifications include:

- Fellow of ICRI
- 2008 National President
- Past President for 2 terms of the Connecticut Chapter and current board member.
- Co-authored the ICRI Technical Guideline No. 340.1-2006 entitled: *“Guide for the Selection of Grouts to Control Leakage in Concrete Structures”*
- Chairman of ICRI Certification Committee from 2008 to 2016
- Currently on the ICRI Technical Activities Committee as the liaison point person for the Moisture Testing and Repair Testing Technician Certification Programs and Structural Strengthening Task Group.
- Published papers and written articles for several industry trade magazines and organizations.
- A member of:
 - ICRI (for 25 years, serving 11 years on the Board of Directors)
 - APWA – American Public Works Association
 - ASCE -American Society of Civil Engineers
 - ACI- American Concrete Institute
 - FHWA Transportation Research Board’s committee on Tunnels and Underground Structures.
